

2009-10-30 New 10G SFP Product Announcement

Cell XFP-EZR

Cell SFP+

This product release update notice serves as a formal marketing communication of Cell Technology to inform partner/or customer that Cell product(s) has been enhanced/or released into the market.

Cell Product

10G XFP-EZR

10G SFP+

Overview

Cell Technology has announced the launches of new 10G SFPs (Small Form-factor Pluggable) network modules for our Cell NAS, NetsAccess product solution into market for most of IP broadband carrier's infrastructure with a long haul of fiber connectivity. Most of those service providers deployed Cell SFP for her optical network repeaters, multi-rate applications up to 2.67Gbps, BWDM/CWDM for MAN applications and recently extension to 10G applications. With product robustness, extremely high reliability, wide range of coverage, and digital diagnostic performance monitoring, our carrier-graded SFP has been widely acceptance deployed into many service providers in Asia Pacific.

Our new Cell 10G SFPs are including the following XFP and SFP+ products

- Cell XFP has models of XFP-SR, XFP-LR, XFP-ER, XFP-ZR and XFP-EZR which are supported up to 120km long haul optical fiber connectivity. They are compliance with IEEE802.3ae 10GBASE-ZW/ZR Ethernet, 10G Fiber Channel, and XFP MSA INF-8077i
- Cell SFP+ has models of SFP+SR and SFP+LR which are supported up to 10km optical fiber connectivity. They are compliance with IEEE802.3ae 10GBASE-ZW/ZR Ethernet, 10G Fiber Channel, and SFP+ MSA SFF-8431

Cell Support Centre

For any Cell partner or direct customer technical support, the **Cell e-TAC (On-Line Technical Assistance Centre)** is located at <http://support.cell-technology.net> for you to download any technical documentation, product information and latest product software release for our product installation and maintenance.

Cell Customer Support

For any Cell customer support, you should contact your authorized distributor or reseller in the first instance. Cell Customer Support Centre for Asia Pacific region is located in Hong Kong SAR. Email is preferred method of initial contact.

Normal Business Hours : 9 am to 6 pm Hong Kong CST
Technical Support Email : support@cell-technology.net
Telephone : +852 2893 9388

About Cell Technology

Cell Technology headquartered at Hong Kong SAR, a network & security technology provider specializes in design, develop and deliver innovative and intelligent IP packet processing platform into software and hardware appliances. Cell product solutions including Cell IPS, UTM, CMC, Janus, TMS, NetsVision and NetsAccess address the business needs that optimize the IP network performance, secure the network security and resiliency, and manage the quality of IP services.
